Professional Summary

Senior Contracts & Tenders Engineer with 12+ years of experience in procurement, contracts management, and tendering within government and large-scale projects. Expertise in procurement strategies, contract drafting, negotiation, and project lifecycle management, especially in building construction. Strong knowledge of construction laws, FIDIC contracts, and dispute resolution processes. Proficient in SAP and Oracle. Proven track record in optimizing procurement processes, ensuring compliance, and improving departmental efficiencies. Certified Unlimited (High Rise) Consultant by RAK Municipality. Highly motivated team player with strong negotiation and communication skills, capable of working independently.

Professional Experience

Contracts & Tendering Senior Engineer

RTA – Dubai Taxi Corporation (DTC), Dubai, UAE

July 2023 – Present

- Managed procurement activities across pre-contract and post-contract phases, aligning processes with organizational goals and regulatory requirements.
- Developed, evaluated, negotiated, and executed various contracts, including high-value and complex transactions.
- Established and maintained strong supplier relationships, serving as the primary contact for contract-related issues.
- Led policy and documentation maintenance, ensuring compliance with legal and corporate standards.
- Presented contract-related information to stakeholders, including leading presentations for the Tenders Committee.

- Monitored active contracts, managing close-out, extension, or renewal processes to align with organizational interests.
- Collaborated with financial departments to manage unexpected costs, ensuring budget adherence.
- Resolved contract-related issues by coordinating with internal and external parties.
- Coordinated with third parties to clarify roles and responsibilities, ensuring alignment and accountability.
- Developed and managed project plans, including budget estimates and timelines.

Contracts & Tenders Senior Engineer

Projects Management Department – RAK Municipality, RAK, UAE

April 2018 – July 2023

- Led the preparation of tender documents, including BOQs, contracts, and specifications for Municipality and RAK Government projects.
- Administered the entire tender process, including responding to bidders' queries and issuing addenda.
- Led technical and financial evaluations of bids, participated in contract negotiations, and prepared evaluation reports.
- Negotiated with contractors and suppliers to secure favorable terms.
- Prepared and finalized various types of contracts, ensuring proper documentation and compliance.
- Managed SAP system entries for project details and financial payments, ensuring accuracy.
- Coordinated with planners and design teams to manage project timelines and finalize designs.
- Supervised construction projects, ensuring adherence to plans, regulations, and safety measures.
- Managed construction activities, including handling RFIs, change orders, and material coordination.
- Oversaw project close-out activities, including punch list management and as-built documentation compilation.
