

SUMMARY – MOHAMMED AL SOUFI

22 June 2020

I can summarize in below, my 25 years of experience in steel industry for the sales (Structural Steel for Commercial Projects, Oil & Gas sectors and Industrial Sectors as well as PEB).

TECHNICAL CAPABILITY & PROCESSING:

- Have enough technical capability & knowledge about fabrication processing & technical specifications which allows me to technically review the offers of Structural Steel & PEB.

SALES & BUSINESS DEVELOPMENT/RELATIONSHIP:

- Have positive approach & relationship with various clients/EPC contractors.
- I have covered most of markets in Saudi Arabia, GCC, Middle East in commercial projects including buildings, schools, airports, railway, metro & bus stations projects, oil & gas sectors, power generators/desalination plants & industrial projects.
- Achieved & signed successful contract agreements with major local & international EPC contractors.
- Have good relations with consultants & developers.

MANAGEMENT SKILLS:

- Have leadership skills with ability to command.
- Coordinate with Seniors for effective continuous improvement in engineering, estimation, planning, fabrication, delivery & construction.

MAIN ACHIEVEMENTS /CHALLENGE IN MY EXPERIENCE:

- **Zamil Structural Steel Co.(From July 2017 till Present) – Structural Steel "Commercial Projects":**
 - Established the set-up and promoted new line of business for Commercial Projects.
 - Zamil Steel Co. becomes one of the major supplier for commercial projects since last 02 years.
 - Secured and signed valuable commercial projects contracts in airports, metro, bus stations & schools projects.
 - Registered Zamil Steel Co. with major clients in commercial projects sector including Neom, Red Sea & Qiddiya.
- **EBS (From August 2010 to May 2017) - Structural Steel "Commercial Projects and Oil & Gas":**
 - Expanded the sales of structural steel in Commercial projects as well as Oil & Gas sector in UAE, Saudi Arabia & Algeria.
 - 1st supplier in Saudi Arabia & GCC who signed major contract agreement with ArRiyadh New Mobility consortium led by Salini Impregilo in July 2015 for Riyadh Metro Project – Line 3, two packages (West & East Depots) amounted to SAR 75 million, competing both AIC & Eversendai.
- **Hidada Co. (From November 2003 to June 2010) - Structural Steel "Oil & Gas" :**
 - Opened new business with Korean EPC contractors for structural steel in Oil, Gas & Industrial sectors.
 - Obtained "Honor Certificate" in sales as a result in winning back the trust of a key customer "Hyundai Engineering & Construction Co. " and securing a significant Project "Karan Gas Facilities Project" in year 2009. The contract value was \$13.5 Million.
 - Enhanced and expanded Gratings sales activities.
 - Increased gratings sales from 3,000 MT to 12,000 MT per year.
- **Zamil PEB Co. (From January 1998 to November 2001 :**
 - Established & promoted new line of business for components sales.
 - Increased the sales from 75MT to 300MT per month.

KNOW ABOUT COMPETITORS STRENGTHS AND WEAKNESS:

- Have gained insights about the points of strength and weakness of every manufacturer I worked with.
