

Marghoob Ahmed

A versatile, accomplished & goal-oriented Steel Structure and PEB professional with nearly 18 years of experience in Estimation, tendering, finalization and Project Management across the Gulf Region & India

00966547593422

maniyazi@rediffmail.com

Core Competencies

Bidding / Tendering

Contract Review & Finalization

Project Coordination

Stakeholders Management

Techno-commercial Operations

Project Planning & Scheduling

Project Monitoring & Control

Cross-functional Coordination

Cost Estimation

Team Management

Soft Skills

Profile Summary

- **Highly versatile, focused, result-oriented project management professional**, with unique expertise in designing & setting up the most suitable and effective control organization on all projects to meet these objectives in compliance with contractual specifications
- **Participated in bids and tenders and managed complete bidding process**; right from the initiation of the Request For Proposal (RFP) till complete bid submission and reinforced winning potential
- **Ensured win-rate is maximized** through appropriate and timely engagement of sales, commercial and subject matter experts in the bid process
- **Gained in-depth knowledge of international and industry standards** such as AISC, ASTM, JIS, BS, AWS, ARAMCO, PDO, SEC, RC & several others
- **Unique expertise in creating project schedules & budgets, analysing project requirements & specifications** and controlling the projects through resource management & micro management for projects
- **Possess international EPC exposure** to JGC Japan, Technip, Hyundai Heavy Industries, Samsung Engineering, Tenicas Reunidas, Technimont, Worley Parsons, SK Engineering, GS Engineering, L & T, SNC, Lavalin & Bechtel
- Well versed with different surface protection require as per the ARAMCO APCS and other industries standard; also gained exposure with different fire protection needed for steel structure
- **Incisive acumen in managing various techno-commercial matters** including tendering, estimation & bidding contract evaluation/negotiation, contract finalization, key account management, & business development
- **Planning, initiating, executing, and monitoring projects along time, cost, & quality including technical and techno-commercial coordination** with all the stakeholders
- **Capability to influence & develop relationships with stakeholders** and have the desire to achieve exceptional results
- **Dynamic & self-starter with strong planning, communication**, analytical & problem-solving skills
- **An effective communicator with strong relationship management skills** with the capability to relate to people at any level of business and management; possess excellent analytical and negotiation skills
- **Highly versatile, focused, result-oriented project management professional**, with unique expertise in designing & setting up the most suitable and effective control organization on all projects to meet these objectives in compliance with contractual specifications

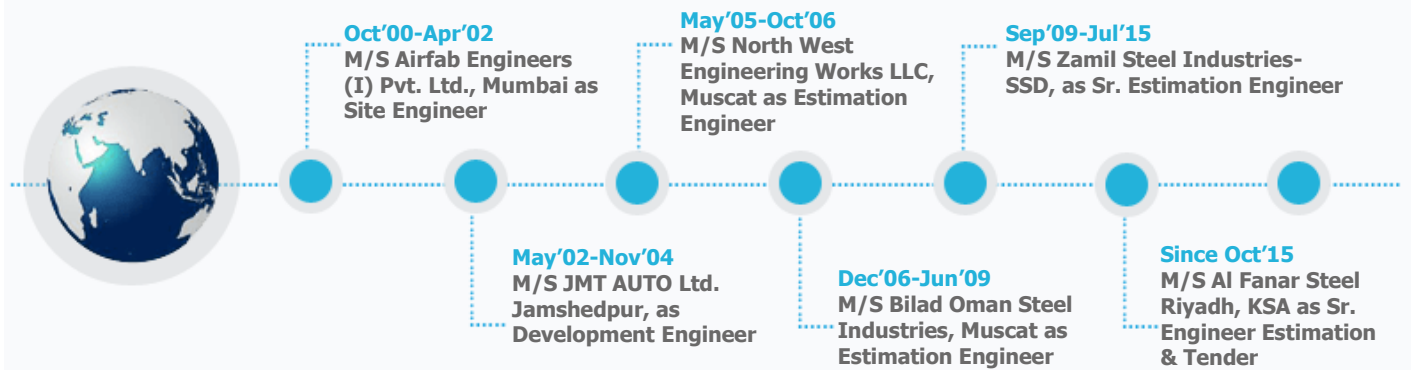

Additional Courses

- **Certificate Course on Primavera Project Planning** (p3e/C) from KLG Systel Ltd., Mumbai
- **Moody International Certificate Course** for HSE Internal Auditor

Career Timeline

Role:

- Spearheading the Tender operations; supervising the Estimation Engineers to complete the estimate and proposal within required timeline
- Attending pre bid meetings with the clients & consultants; ensuring all bid related technical information are timely available
- Coordinating with several departments such as Sales, Engineering, Procurement, Manufacturing, Shipping and Project Management to provide project related data
- Explaining the quoted prices to the customers, managing the complete negotiation & offering discount for award of Contract
- Evaluating project feasibility; maintaining all bids/proposal
- Strengthening healthy relations with customers; gathering crucial data regarding market & competitor activities
- Formulating technical & commercial offers/ proposals after reviewing the tender Scope of Work, technical specifications, project schedule, market price & other techno-commercial & legal
- Creating bill of material for procurement & issuing the same to workshop to process it further with the use of oracle system
- Assisting in maintaining the estimating cost database to ensure costs are up to date
- Managing job-specific estimating teams in the assembly and submission of bids; preparing Estimate Action List; establishing responsibilities and make assignments to estimating team members
- Reviewing estimate assignments to ensure accuracy and completeness prior to formal submission
- Consulting with clients, consultant, subcontractors, and material suppliers to discuss and formulate estimates, effect cost reductions, and resolving issues
- Analyzing the specifications to assist the operations team in planning procedures for construction

Recent Projects Undertaken

South Steel Mill- 7500 MT Zijan , KSA- STX Heavy Industries

King Abdul Aziz Knowledge and Culture Center – 3500 MT Dahrn, KSA- Saudi Oger

Maaden Calcliner Project-1400 MT Ras Al Khair, KSA- Outotec

Yanbu Export Refinery- 3700MT- Yanbu, KSA- Bonnat

Ras Al Khair Desalination Plant Phase -I- 3230 MT - Ras Al Khair, KSA- Saudi Archirodon

Sadara Polyethylene Project LSPB1- 11,646MT - Jubail, KSA- L& T

Yanbu -II Power & Water Project- 259MT -Yanbu, KSA Saudi Archirodon

PCC Nylon 6.6- 1400MT-Jubail, KSA- Nesma

Rabigh - 2Petrochemical Project CP3,CP4- 12,797MT Rabigh, KSA- GS Engineering

Rabigh - 2Petrochemical Project U01- 10,214MT Rabigh, KSA- GS Engineering

Jazan Refinery and Terminal project package # 12- 8187 MT Jizan KSA- JGC Corporation

PP13-14 Secondary Structure – Riyadh – 2900MT -STF

IT Skills

Operating System
Structural Design Package
Packages
Project Planning

: Window 2000 & XP
: Loseeke (USA INC.)
: AutoCAD, NISA & MS Office
: Primavera Project Planning (P3 & P3e) & MS Project

Academic Details

- **B.E. in Mechanical Engineering** from Bangalore University in 2000

Personal Details

Date of Birth : 1st January 1978
Languages Known : English, Hindi & Urdu
Passport No. : K3662626
Address : PO Box 301, PC 11411, Riyadh, Kingdom of Saudi Arabia

Refer annexure for previous project details

Annexure

- Hot Bath – Sohar Aluminium Smelter , Kempee - 260 MT
- Warehouse for Munanoor Industries, Rusayl -105 MT
- Workshop for Iveco, Mwaleh - 95 MT
- Workshop facility for Dodsai at Mukhaizna -110 MT
- Pump shed for PDO ,Daleel - 90 MT
- Gathering platform for PDO, Mussalim -87 MT
- CPF Mukhaizna , Dodsai - 2000 MT
- PDO facility at Siah Rawl – BEC – 2100 MT
- New Terminal Pier At Seeb Airport – Erenport – 1050 MT
- Duqm- Ship Repair Yard - 3000 MT
- Bait Al Barka- Car Museum – 1400 MT
- Aluminium Rolling Mill- 650 MT
- Towell Warehouse Barka- 600 MT
- DCF- Processing Plant , Salalah
- Zubair Automotive Workshop, Salalah
- CenterPoint, Shopping Mall, Salalah
- Warehouse for Pepsi, Ghubra
- Expansion of Factory for Nuhas Oman
- UHT – Freezer, Salalah
- Quest Vitamins DIP, Dubai
- Workshop Shed For CCC, Saudi , Rabigh
- Oman LNG Warehouse, Sur
- Sohar Fertilizer – Transformer Yard
- Safeway Deck Structure at Madinat Qaboos
